MEMORANDUM FOR THE ADMINISTRATOR

FROM:

FOR

ROBERT B. RAINES

ASSOCIATE ADMINISTRATOR

FOR ACQUISITION AND PROJECT MANAGEMENT

SUBJECT:

ACTION: Delegation of Project Management Executive Authority  
for the Uranium Processing Facility Process Support Facilities  
Subproject

**ISSUE:** Whether or not to sign the attached delegation to assign the Project Management Executive (PME) authority for the Uranium Processing Facility (UPF) Process Support Facilities (PSF) Subproject.

**BACKGROUND:** The PSF Subproject includes engineering, procurement, construction, and installation of systems, structures, and components (SSCs) that enable PSF operations.

The estimated Total Project Cost (TPC) of the PSF Subproject is \$121M. Department of Energy (DOE) Order (O) 413.3B allows projects with a TPC below \$750M to be delegated below the Under Secretary level. Therefore, the Office of Acquisition and Project Management (NA-APM) requests delegation of PME responsibilities to the Uranium Program Manager (NA-194), through the Deputy Administrator for Defense Programs (NA-10).

The formal delegation is attached herewith and is necessary to authorize the requested assignment.

**RECOMMENDATION:** That you approve and sign the attached delegation order for UPF PSF to the Uranium Program Manager, NA-194.
