DELEGATIONS AND DESIGNATIONS

1. **PURPOSE.** To define the process for the preparation, issuance, and maintenance of Delegation and Designation Orders within the National Nuclear Security Administration (NNSA).

2. **AUTHORITY.**

   This NNSA Policy (NAP) is written under 50 United States Code (U.S.C.) 2402(d), which gives the Administrator authority to establish NNSA-specific policies, unless disapproved by the Secretary.

4. **APPLICABILITY.**

   a. **Federal.** This NAP applies to NNSA federal organizations. This NAP does not apply to Nuclear Safety Authorities, which are covered under Supplemental Directive (SD) 450.2-1, *Delegation of Nuclear Safety Authorities*.

   c. **Equivalencies/Exemptions.**

      (1) **Equivalency:** In accordance with the responsibilities and authorities assigned by Executive Order 12344, codified at 50 U.S.C. sections 2406 and 2511, and to ensure consistency throughout the joint Navy/Department of Energy (DOE) Naval Nuclear Propulsion Program, the Deputy Administrator for Naval Reactors (Director) will implement and oversee requirements and practices pertaining to this Directive for activities under the Director's cognizance, as deemed appropriate.

      (2) **Exemptions:**

         A Delegation is not required for the following:

         (a) Memorandum designating an individual to serve in an acting capacity during the temporary absence of an NNSA official, e.g., vacation, travel, etc.

         (b) Delegation of routine office-management or administrative responsibilities from one official to another within a particular office.

type are generally addressed through the DOE or NNSA’s directives system.

5. SUMMARY OF CHANGES.
   a. This NAP is the result of converting and revising BOP 110.1, Delegation and Designation of Authority.
   b. Office of Primary Interest (OPI) changed from Office of Business Services (NA-MB-22) to Office of Policy and Strategic Planning (NA-1.1).

6. BACKGROUND.
   a. The authority of the Administrator and Under Secretary for Nuclear Security is provided in legislation or inherent in the position as head of the organization, and by the Secretarial Order of Delegation to the Under Secretary for Nuclear Security. Additional sources of authority are delegations made by the President through Executive Orders, and regulations issued by other executive agencies, (such as the Office of Management and Budget, the Office of Personnel Management, and the General Services Administration). All such authority is retained by the Administrator unless specifically delegated to another official through the delegation system.
   b. Nothing in this NAP empowers any officer or employee of the NNSA to exercise authority that the Administrator may not redelegate by the terms of legislation, Executive Order, or other source of authority.
   c. Types of Delegations.
      (1) Those that flow from the Secretary to the Administrator and down.
      (2) Those that flow from the Administrator or Head of NNSA Element and down.
      (3) Those that flow from a DOE Order (such as Project Management Executive).
Designations of Authority are legal documents used when law or regulation requires the appointment of an individual within the NNSA as the Agency Official or focal point for a specific program or activity.

7. REQUIREMENTS.
   a. Each Delegation Order must include the following:
      (1) Citation of the original source of authority (e.g., statute, Executive Order or proclamation, Secretarial Delegation Order, or regulations issued by other Executive Branch agencies);

      (3) Any limitations imposed, including restrictions on redelegation;
      (4) Citation of any previous delegation of authority that is to be amended or rescinded, if applicable;
      (5) A signature block;
      (6) Standard boilerplate language and format as posted on the NNSA Directives website; and,
      (7) The line: Dated this ______ day of ______ 20____.
   b. Redelegations must abide by any restrictions in the original Delegation Order.
   c. The redelegation must not relinquish the delegant's power to exercise that authority, or relieve the delegant from responsibility for actions taken pursuant to the Delegation.
   d. Any amendment to an existing Delegation Order must be incorporated into the existing Delegation and, where applicable, any associated redelegations.

APPENDIX A: DEVELOPMENT OF DELEGATION AND DESIGNATION ORDERS

1. INTRODUCTION.

Development of Delegation or Designation Orders must follow the process below. When a Delegation or Designation Order is revised, it must rescind (cancel) any Order that preceded it.

2. PROCESS.

a. The Office of Primary Interest (OPI) downloads the template for a Delegation or Designation Order from the NNSA Directives website.

b. The OPI drafts the Delegation or Designation Order and Action Memorandum (if the Administrator is the delegant), and enters them into the Electronic Document Online Correspondence and Concurrence System (eDOCS).

c. The OPI routes the eDOCS package to the Office of Policy and Strategic Planning (NA-1.1); NNSA General Counsel (NA-GC); the Office of Human Resources, Workforce Planning and Data Analytics Team (NA-MB-16); and any other NNSA Element having an interest in the action.

d. NA-1.1 assigns a number to the Order if it flows from the Administrator or the authority comes from a Department of Energy (DOE) Order. If the Order flows from the Secretary’s line of authority, the DOE Directives Management Team assigns the number.

e. Once all affected elements have concurred, the eDOCS package is routed to Executive Secretariat (NA-MB-1.3) for signature processing if the Administrator is the delegant. Otherwise, the eDOCS package is routed to the delegant for signature.

f. Once signed, the Order is posted to either the DOE Directives website (if it flows from the Secretary) or to the NNSA Directives website.
